## Holiday Party

### Grab Bag rules

Since the Holidays are a time of giving...

We're having our annual Holiday Grab Bag.

If you wish to be part of the fun here are the rules:

1) Gifts must have a Scuba theme.

\*\*\* Gifts must not be alive or have once been alive.\*\*\*

2) Gifts must be between \$25 or more.

3) Gifts must be wrapped.

4) At the beginning of the evening all gifts, with the name of the giver, will be placed on the gift table.

5) Once everyone has arrived, everyone who brought a gift receives a number.

6) After all the participants have been given a number, the numbers will be picked randomly one at a time.

7) The first person, who has their number picked, chooses any gift from the gift table and opens it.

8) The second person, who has their number picked, chooses any gift from the gift table and has a choice of opening it or taking the first person's gift (the taking of a gift has to be done before the gift is opened).

9) If the second person took the first person's gift, the first person now chooses and opens their new gift.

10) When the third person, who has their number picked, chooses a gift, they have the choice of taking the first person's or the second person's gift (before opening the gift they chose).

10) Repeat...

11) The last person to have their number picked has the choice of all the gifts!
